The logo for the MEM RISE app is displayed on a solid yellow square background. The text "MEM" is positioned above "RISE" in a bold, dark blue, sans-serif font. The letters are thick and blocky, with a slightly irregular, hand-drawn appearance. The "i" in "RISE" has a dot, and the "E" at the end has a horizontal bar that is slightly shorter than the others.

# Study Abroad

Studying abroad is a great opportunity to improve language skills

1. When abroad, always try to speak with locals, they will be happy to practice speaking with you!
2. The longer the duration of the study abroad, the more opportunities you have to improve your language skills
3. However, shorter study abroad trips are more affordable and less of a time commitment
4. When abroad, go to a movie theater or event that will immerse you in the language
